Staffing At Co-op Camp

CHOOSE YOUR OWN ADVENTURE! THIS SUMMER DISCOVER CO-OP CAMP!

In 2010, the Saskatchewan Co-operative Youth Program will be offering eight summer camps for young people ages 12 - 18. These camps are staffed by co-operative and credit union sector employees and program alumni, who volunteer to spend a week sharing their knowledge and experience with Saskatchewan youth.

Approximately 60 staff will be required this summer— **could this include you?**

Staffing at Co-op Camp is a great experience. It is a chance to meet new people and make a difference in the lives of a group of Saskatchewan youth. This information package answers the most frequently asked questions about staffing. Please read it carefully and if you have any other questions call the Youth Program office for more information.

What is the Saskatchewan Co-operative Youth Program?

The Saskatchewan Co-operative Youth Program (SCYP) is a program of the Saskatchewan Co-operative Association. Its aim is to contribute to the personal development of youth and encourage their active involvement in community and co-operative organizations.

The program teaches young people about co-ops, and helps them gain the self-confidence, leadership, and communication skills they need to become the co-operative leaders of the future. SCYP is funded by the Saskatchewan co-operative sector, while local co-operatives or credit unions sponsor every young person who attends a camp.

What is a Co-op Camp?

It is a four, five, or six-day getaway at a summer camp facility in Saskatchewan that involves 20 to 40 participants and approximately seven staff, including a co-ordinator. The Graduate seminar is usually larger and has a larger staff team.

Over the course of each camp, participants and staff take part in games, canoeing, swimming and campfires. They also participate in fun, hands-on educational sessions on topics such as leadership, communication, co-operatives, values, and more.

What is the role of a staff member?

Responsibilities include: working with your staff team to plan the camp, planning and leading a session, participating in all sessions, social and recreational events, supervising the participants throughout the time at camp, being involved in cooking and cleanup, and daily meetings with your staff group. You will be provided with a curriculum manual that will contain all the information you need to plan your session. Don't worry – all other responsibilities will be fully outlined for you at Staff Training.

What qualifications are you looking for in staff people?

- Personable—able to get along with people
- Like young people
- Open-minded, enthusiastic and energetic
- Co-operative and a team player
- Strong communication skills
- Enjoy "camp-like" environment
- Good organizational skills
- Committed to being a good role model

All staff must be dedicated to advancing the aim of the Youth Program: "to contribute to the personal development of youth and encourage their active involvement in community and co-operative organizations."

I don't have experience working with young people. Should I staff?

If you have enthusiasm and an open mind, limited experience working with youth is not a barrier to your participation. The Staff Training workshop in June will provide you with all the resources and information you need for your camp. As well, each staff team has a co-ordinator and experienced staff members, so you will have lots of guidance and support throughout the week.

What will I get out of staffing?

There are many reasons to staff: to help make a difference in the lives of youth, to meet and work with co-operative sector employees from around Saskatchewan, to polish presentation and leadership skills, to share information about your co-operative or credit union, and to have an amazing, unique experience with a great group of people!

What do staff say about their experience?

Some quotes from previous staff members:

"My children and others had tried to tell me about the CY experience and now I fully understand why and how CY gets you moved to the core." – Marilyn, Federated Co-operatives Limited

"I had a blast with our staff team and I met some pretty amazing kids. It gives me great hope for our future." – Lesley, Saskatchewan Co-operative Association

"What I like best about the seminar, that somehow I feel my time here makes a difference in the participants. I love to see them grow and open up." – Sherelle, The Co-operators

"It was amazing to meet this many special people and learn about their lives and have them really open up and trust each other." – Tara, Spectra Credit Union

"I had an awesome time and cannot believe the warm fuzzy feelings I had. From Staff Training to camp I have NEVER felt so accepted, ALL THE TIME. I never felt bad; left out; disappointed and saw only "positive" vibes passing between staff and participants. I feel so renewed and refreshed as a "person" upon going home. I hope to come back soon!!!" – Brenda, Innovation Credit Union

How certain do I have to be about my decision and my attendance at Staff Training if I choose to staff?

Certain! In order to make up the staff teams, the Youth Program office has to plan early and know that commitments are firm.

Staff Training is an important time to meet your staff team, learn about your role as a staff person and work as a team to plan your seminar. **Therefore, attendance at the entire Staff Training workshop is a prerequisite for staffing (no exceptions).**

I've decided to staff. What's the next step?

1. Seek the approval of your supervisor. Be sure they understand the need for a firm commitment.
2. Fill out the attached application form.

3. Reserve June 2-4, 2010 for the Staff Training workshop at Shekinah Retreat Centre, located near Waldheim, Saskatchewan. (The workshop will begin at 5:00 p.m. on Wednesday, June 2nd (for New and Junior Staff) and conclude at 1:00 p.m. on Friday, June 4th).
4. Submit your application to the Youth Program office.

The deadline for applications is March 19th, 2010.

CHOOSING A CAMP

Please consider the following descriptions when deciding which level you'd like to staff.

Note: If you are a new staff member, you do not have to choose a Junior or Introductory level. The responsibilities of staff members are very similar at every level. Each staff team will have a combination of experienced and new staff members, so your level of experience should have no bearing on your choice of camps.
